

Data Deletion And Support

Last updated: May 8, 2026

This page explains how to request support or ask for deletion of data related to Whats For Dinner.

Support

For help with the app, contact:

Email: support@whatsformydinner.app

Please include a short description of the issue, your device type, and any relevant screenshots or vote/review links.

Delete Local App Data

Some app data is stored only on your device, including preferences, favorites, recent picks, cached restaurant pools, usage counters, rewards, and local review prompt state.

You can clear local data by:

- Using the in-app reset option when available.
- Clearing the app's storage from Android settings.
- Uninstalling the app.

Deleting local app data may remove preferences, favorites, cached recommendations, reward counters, and onboarding state from your device.

Request Server-Side Data Deletion

Some app data may be stored on our backend services, including:

- Dinner vote sessions.
- Vote recipients and vote responses.
- Review candidate analytics.
- Review event analytics.
- Device or app identity records used for app functionality.

To request deletion, email:

support@whatsformydinner.app

Use the subject line:

Data deletion request - Whats For Dinner

Please include any information that helps us identify the data, such as:

- Your name, if provided in the app.
- The email address you are contacting us from.
- Any vote link or short code involved.
- Restaurant names involved in a vote or review prompt.
- Approximate dates/times of the activity.
- Your device/user identifier if the app displays one in a future support screen.

We may ask for additional information to verify and locate the request.

What Happens After A Deletion Request

After we receive a valid request, we will make reasonable efforts to delete or anonymize associated server-side data.

Some information may be retained when required for legal, security, fraud prevention, dispute resolution, accounting, or operational reasons.

Account Deletion

The current app may not require a traditional account. If account features are added later, this page will be updated with account deletion instructions.
